INT. LIVING ROOM - DAY

DET. FRANK PARRISH (30s) interviews a witness to a crime.

DET. PARRISH

Ms. Hawkins, a vigilante is not a hero; not even if the man he killed was a monster. Now, you were conscious when you were brought to the emergency room, which means you know what he looks like. I understand you want to protect him, but doing so will only put more people at risk, and I can't allow that.

(beat)

I'm truly sorry for what happened to you, but you will give me a description, or I promise you I will make your life very difficult.
