INT. KITCHEN- DAY

CASSIE (30s), a cop deep into a bottle of Scotch and self-loathing, sits at the table. Her badge and gun are by the bottle.

CASSIE

This the part where you lie to me?
Tell me it wasn't my fault?

(beat)

Did you know it only took four
people to carry it? No, I didn't
go. Not right for the cop who...
for me to be there. I watched it
on the news. Tivo'd it. It's cued
up if you want to see. I've pretty
much got the whole service
memorized.
